# Welcome to our CITY!

If the view alone doesn't get you here, we have a lot more in store. How many places have you been where you can kayak or canoe right through downtown? That's a pretty incredible way to see our city. Special doesn't even begin to describe us—one-of-a-kind is more like it. Our attractions, entertainment and dining options alone are fantastic. Not to mention the shopping...there are so many choices, you'll need an extra day and an extra suitcase! Seriously though, indoors or outdoors, what a great place to have fun during all four seasons. Whether you're in full sports mode or attending one of our events, it doesn't get any better than Sioux Falls. But don't just take my word for it, come see for yourself!

—Mayor Paul TenHaken

# Go with the FLOW!

**Falls Park** is a great place to do just that.

If you are an outdoor enthusiast, there are plenty of hiking and biking trails to suit your fancy. If you're a not-so-enthusiast, grab an ice cream treat, take a load off and enjoy the view. ## Home-Grown

Farm to table is a big deal these days, and fresh ingredients are important to everyone. It doesn't get any fresher than this! From May-October, Falls Park holds a farmers market every Saturday. All are welcome to peruse the items in an open air shelter.

## Thanks to the addition of Levitt at the Falls in 2019,

water isn't the only thing flowing here!

Now music flows through the air, too. Levitt at the Falls is home to outdoor concerts throughout the summer months. That's just one more reason to visit the park.

## HISTORIC HOTELS of AMERICA

National Trust for Historic Preservation

# A blast from the PAST!

History junkies can go crazy here. Our historical structures are sites in themselves and many of them house beautiful artifacts that tell stories of life and culture in the area. There is so much to see—how long were you staying again? They say time flies when you're having fun—you could spend an entire afternoon just checking out **Hotel On Phillips**. Have a blast taking it all in!

Originally built as the Sioux Falls National Bank in 1918, Hotel On Phillips, at the time it was built, was the tallest building in South Dakota. One hundred years later, in 2019, it was transformed into an upscale chic boutique hotel featuring 90 unique and elegant guest rooms along with many luxury suites. When stepping into the lobby, you are taken back to the era of the early 1900s with its original historical designs. The lobby boasts high fluted columns and houses its original chandeliers. Centered in the lobby, as its main focal point, stands the original Bank Vault, which is now the entrance into The Treasury lounge. The Mezzanine overlooking the lobby showcases replicated skylights, seating areas, a business center, a fitness center, Josiah's Library, and Hattie's Parlour.

## Creativity as a career...

### Jennifer White

**Making her talents work for her.** Jennifer, an artist, mother of six and owner of **Post Pilgrim Art Gallery**, has managed to build an amazing base of

collections, gaining momentum for the Native Art Scene in Sioux Falls. Her creative spirit was inspired by her grandmother, who was a quilter, and her uncle's interest in dance and music. As an adult, White's creativity blossomed as she began to paint subjects that gravitated toward the bright colors and abstract shapes of her grandmother's quilts. Her passion has led her to believe it's critical to rethink our expectations and experiences of Native art. Check out her creations on the east side of town and maybe even catch the artist in action.

**THE CENTER FOR WESTERN STUDIES  
INVITES YOU TO JOIN US  
IN CELEBRATING OUR  
55/50 DOUBLE ANNIVERSARY.**

2020 marked 50 years since the Augustana Trustees officially established CWS.

2019 marked 55 years since Augustana University English Professor Herbert Krause founded CWS in 1964.

A renowned regional institution honoring the Northern Plains, the Center for Western Studies is home to several events, such as the Boe Forum, Dakota Conference, and the Artists of the Plains Art Show and Sale.

But did you know CWS is also a repository for over 500 substantive archival collections, a research library in excess of 40,000 volumes on the American West, an extensive fine art collection, with an art gallery that showcases a rotating array of the very best of Northern Plains Artists, and historical exhibits preserving the Voices of the Northern Plains. The Center is also South Dakota's largest academic publisher.

After more than half a century of  
*"Improving the quality of social and cultural life  
in the Northern Plains,"*  
the Center for Western Studies is just getting started.

### A LEGACY OF DESIGN AND HARD WORK

Born in southern Tuscany, Luca Papini developed a love of Italian fashion from his mother and grandmother. Luca continued their legacy of hard work and perseverance here in the United States by bringing exceptional Italian leather goods to the heart of the Midwest.

*"Who knew I would find the most gorgeous Italian leather jackets and purses I have ever seen outside of Italy in Sioux Falls? This boutique is amazing. Two bags and one leather jacket later, I am so happy. I will love these purchases forever."*

## Irish in Sioux Falls...

### Dick Murphy

**Who would think of opening an Irish store in a Midwest city like Sioux Falls?**

Over 25 years ago, Dick Murphy did just that when he left his social work position in Pierre, came here and opened

**Mrs. Murphy's Irish Gifts.** Due to his

Irish heritage and once being stationed in England, Dick became (and continues to be) fascinated with the British Isles, deciding to turn that fascination into a business. The surprising number of residents with Irish decent in the Sioux Falls area didn't hurt either. He chose his current location downtown as the perfect spot, and he's clearly made the right choice as Dick is also an avid supporter of a vital, thriving downtown. Stop in—well worth a visit!

**rich, velvety cupcakes from scratch. Featured twice on the Top 50 Cupcake Shops in America, and several times in the Local Best, this cupcakery isn't afraid to venture outside the vanilla and chocolate realm. Take their limited-time Miner Brown Ale Chocolate cupcake, for example. "It's chocolate with a generous amount of Miner Brown Ale infused into the batter, topped with salted caramel buttercream and a house-made beer brittle," says Melissa. "So yummy!" Traditional flavors, like their top-seller Pleasantville, are just as good. "It's a great vanilla bean cake with vanilla bean buttercream," says Melissa. "Though it may sound a tad "safe", it's actually quite rich and delicious!"**

**"Our cupcakery is filled with warmth, love, and the smell of freshly-baked cupcakes. We want every guest who enters our doors to feel like a guest walking into our home. ## Phillips Avenue Diner

Once upon a time...

there was a cool silver Airstream trailer that really wanted to be a vintage restaurant. This nostalgic piece of Americana was located on Louise Avenue and known as the Market Diner. That was 1996 (19 years after Elvis died). A few years went by, the building's owners tried a few other things at the Louise Avenue location (remember Dixie Brothers?) and then! Then they had a Big Idea...

That Big Idea involved moving this very building to this downtown location. Some people thought the Big Idea was a Crazy Idea. The move itself was crazy. The location was crazy. The building was crazy. Were the owners crazy? Maybe a little.

But as you can see, sometimes it's ok to be crazy. After the initial dust settled, people around these downtown parts started eating at the new Phillips Avenue Diner. And they liked it. A lot. Then more people started coming. And more. And more. And hold the door, here come some more!

The rest is history. The Phillips Avenue Diner gets great reviews all over the country—and more importantly—all over the Internet. People from out-of-town flock to this humble little diner. Locals love us. Food critics embrace us. And Elvis is not really dead.

## Cathedral of Saint Joseph

The Cathedral of Saint Joseph stands tall above the Sioux Falls skyline. This Romanesque and French Renaissance structure was built from 1915-1918 and dedicated May 7, 1919. The first mass was held in the unfinished church on December 8, 1918. Over the years, the historic landmark has become a cornerstone of the Cathedral Historic District and through renovations has created an engagement of beautification to the neighborhood. A multi-million dollar, three-year renovation, was completed in July 2011 and transformed the cathedral back to its original grandeur and charm. The renovation included restoring much of the original paintings, mouldings and structure.

Self-guided and guided tours available Monday-Friday. Please call 605-336-7392 for more information or to schedule a tour.

# WORSHIP with us!

Sioux Falls is a melting pot when it comes to culture, so it only makes sense that the same would hold true for religious beliefs and worship choices. You are welcome to join us and our community for any of our services.
